

### Membership Costs

LEFA annual membership fees for 2021/22 are:

Adults: £55; Juniors: £25; Family: £110; Associate (non-shooting) £5

All memberships run over a calendar year from 1st April to 31st March. People who join after 1st January, who are new to the club, receive a membership which lasts until March the following year.

The cost of membership is low because our members contribute their time and effort into making our club successful, interesting and a pleasure to be a member of. Activities contributed include course laying, target face making, catering, general maintenance, helping at events and other areas where individuals can bring their own skills to bear. This is done voluntarily by our members and is what makes our club successful.

For insurance reasons club members must also be members of the National Field Archery Society: [www.nfas.net](http://www.nfas.net)

### Club Shoots

We run a number of club shoots throughout the year. These give our members the experience they need to attend Open Shoots at other clubs.

### Coaching

All our coaches are to NFAS standards. Coaching sessions are free to club members.
